Air India a responsibility, not just business: Tata Sons chief

PRESS TRUST OF INDIA
Mumbai, November 29

TATA SONS CHAIRMAN N Chandrasekaran on Saturday said Air India, which is undergoing a transformation, is not just a business opportunity but a "responsibility" for the Tata Group.

The aviation sector faces continuous challenges, he said, adding that the global supply chain issues make availability of parts, infrastructure and new fleet pretty unpredictable.

"Every plan that you have is becoming difficult because of the situations that you face in this area," he said.

Chandrasekaran also mentioned that the aviation is a very capital intensive business and also the margins are thin.

India grows 8%, the aviation industry grows 16%. And this game will play out, and will continue for at least next three decades

anniversary of JRD Tata, Chandrasekaran said, "I firmly believe for the Tata Group, Air India is just not a business opportunity. It's a

responsibility."

Tata Group acquired loss-making Air India along with Air India Express in January 2022, and since then, the

group has been working on an ambitious five-year transformation plan. However, the progress has been slower than expected due to various factors, including global supply chain woes resulting in aircraft upgradation as well as delivery delays.

Highlighting the potential of the country's aviation sector, Chandrasekaran said every single percentage growth in GDP will give a 2% growth for the domestic aviation sector.

"India grows 8%, the aviation industry grows 16%. And this game will play out, and will be continuing for a long time, at least the next three decades," he said.

"So this is going to be a very exciting phase of economic growth, and for the aviation sector in particular."

International business also posted a 26% rise in revenue. Overall, Ebitda margins expanded to 19.8% during the quarter, from 18.3% in the same period last year.

same store sales growth (SSSG), consistent with FY25 levels. Beyond SSG, we achieved nearly 20% same pincode sales growth, indicating that we are gaining market

share within micro-markets rather than cannibalising existing stores," the company noted in its shareholder letter.

While temporary uncertainty around potential GST revisions for prescription eyewear led to some customers deferring purchases into October, Lenskart still had strong growth in Q2, and the demand has further strengthened in Q3, it added.

The company added 203 net new stores during the quarter, taking the total number of stores to 2,270, including a higher number of store additions in tier 2 and 3 cities. Lenskart has plans to add 450 net new stores this fiscal.

Govt, ADB sign \$800 million loans for development projects

PRESS TRUST OF INDIA
New Delhi, November 29

THE GOVERNMENT OF India and the Asian Development Bank (ADB) has signed agreements for three loans worth over \$800 million for projects in Maharashtra, Madhya Pradesh and Gujarat.

Accordingly, the loan agreements for the Maharashtra Power Distribution Enhancement Programme for Agricultural Solarisation (\$500 million), Indore Metro Rail Project (\$190.6 million), and Gujarat Skills Development Programme (\$109.97 million) were signed, a finance ministry statement said on Saturday.

"The Districts Project represents a significant step toward enhancing India's development discourse through localised, grassroots understanding. By combining cultural narratives with rigorous economic and social data, this initiative enables policymakers, researchers, and citizens to view India not just as an abstraction but as a collection of lived experiences shaped at the district level. Reliable, detailed, and participatory data like this can meaningfully inform policies and resource allocation, ultimately enabling more inclusive and context-aware governance," Nageswaran said.

The loans have been signed for development projects in Maharashtra, Madhya Pradesh and Gujarat

The Maharashtra project aims to modernise rural power infrastructure, promote distributed renewable energy generation

able integration, entailing upgradation of substations, installing transformers, building high- and low-tension lines, and deploying 500 MWh of battery storage," it said.

The Gujarat projects aim to equip the state's workforce with industry-aligned, advanced skills to boost job-readiness in high-growth sectors.

These sectors include logistics, automotive, manufacturing, information technology, renewable energy, healthcare and agri-tech. Led by the state's Labour, Skill Development and Employment Department, it added.

CEA launches repository of districts' data

CHIEF ECONOMIC ADVISOR

Anantha Nageswaran launched FLAME University's Centre for Knowledge Alternatives' District Project and its digital portal on Saturday. Starting with Maharashtra, the project will expand to other states aiming to map, document and create hub of local data and cultures across India's districts. It will offer district-level statistics and cultural insights by blending data with narratives to provide a deeper understanding of local realities.

"The Districts Project represents a significant step toward enhancing India's development discourse through localised, grassroots understanding. By combining cultural narratives with rigorous economic and social data, this initiative enables policymakers, researchers, and citizens to view India not just as an abstraction but as a collection of lived experiences shaped at the district level.
